

Introducing Refresh

The OxiTrio Refresh facial provides 3 effective facial treatments simultaneously. It combines gentle exfoliation, natural skin oxygenation, and a deep facial rejuvenation with the infusion of essential revitalizing nutrients.

- Gentle exfoliation of the outer layer of the skin
- Oxygenation of the skin naturally generated from the inside.
- Revitalizing nutrition facilitated by increasing its infusion with the unique formulas by Pollen for skin care

OxiTrio is inspired by natural hot springs known for inducing skin oxygenation. By simulating this effect, OxiTrio triggers a body response that sends oxygen to the treatment area. The end result is incredibly refreshed and plumped skin.
